

THE GAUDIUM
PRISM

**IB PYP Edition
Pre-primary 2**

January 2020

Ms Anjalika Sharma
Principal IBPYP

Dear Parents,

Today, I came across a beautiful story during my evening reading time and thought that I must share it with you all!

A blind boy sat on the steps of a building with a hat by his feet. He held up a sign which said: "I am blind, please help."

There were only a few coins in the hat. A man was walking by. He took a few coins from his pocket and dropped them into the hat. He then took the sign, turned it around, and wrote some words. He put the sign back so that everyone who walked by would see the new words. Soon the hat began to fill up. A lot more people were giving money to the blind boy. That afternoon the man who had changed the sign came to see how things were. The boy recognized his footsteps and asked, "Were you the one who changed my sign this morning? What did you write?"

The man said, "I only wrote the truth. I said what you said but in a different way. I wrote: "Today is a beautiful day but I cannot see it."

Both signs told people that the boy was blind. But the first sign simply said the boy was blind. The second sign told people that they were so lucky that they were not blind. Should we be surprised that the second sign was more effective?

We must be thankful for what we have...Be creative. Be innovative. Think differently and positively. We must prepare for the future without fear.

(Acknowledgment- <https://www.thetappingsolution.com/blog/short-lesson-gratitude/>)

**Ms Anjalika Sharma
Principal IBPYP**

Innovation means using new technology and using new ways of thinking to add value to an existing idea or product and to make substantial changes in society.

Creativity provides a deeper understanding of the world around us. When teachers use creative and experiments in teaching, they make way for deep thinkers and inquirers. These in turn grow to be young learners who are, knowledgeable thinkers and express themselves freely.

The more creative our students are, the happier they will be. Creativity fosters multiple solutions and perspectives. It helps students to think, try, invent, review and reflect, in turn prepare for the future.

Being creative is mandatory for tomorrow. Subjects must be taught and looked at beyond books. Our students need to know the real-life implications and apply their learning to life. We must ensure that we don't ignore creativity in our classrooms. Creativity is a pre-requisite for innovation and also gives purpose and meaning to one's vision. It encourages us to take risks, listen to perspectives, think, apply, connect and create. The world is changing rapidly and learning a specific skill set and following it exactly won't get our students very far. What prepares them is, creativity.

Our role is crucial in providing a safe environment where students can express their creativity, explore, and understand in a way unique to them. Creativity is a crucial for development, and useful for expressing, and understanding thoughts and feelings!

We look forward to opportunities and experiences for our students to build on their creativity and be risk takers while innovating to find solutions for the issues around them!

Anjalika Sharma
Principal IBPYP

Transdisciplinary Theme

Transdisciplinary Theme:

How we express ourselves

Central Idea:

People use art and forms of expression to convey uniqueness as human beings.

Lines of Inquiry:

- Forms of Art
- Ways we express
- The role of art in people's life

Key Concepts:

Form

Function

Perspective

Related Concepts:

Perception, Self-expression

Learner Profile:

Risk-taker, Knowledgeable, Open-minded

Unit of Inquiry: The geckos began their inquiry into the fourth unit under the theme 'How we express ourselves". The unit started with a walkthrough of different stations with various forms of art, which provoked them to think and come up with the meaning of art. They further explored different art forms like painting, music, handwriting, dance, etc by exploring and experiencing the different corners set up in the classroom. The geckos further enhanced their knowledge on forms of art through the guest talk by Ms. Sumitra and Ms. Anita from Arts department who shared their knowledge on various forms of Art with our little ones. The geckos explored different ways of story telling which led to unpacking the meaning of our theme 'How we express ourselves'.

Transdisciplinary language: The geckos enhanced their sentence writing skills further. They reinforced the usage of nouns and action words while writing sentences about the given picture. They enhanced their vocabulary by learning about the props used for different forms of art. The above learning engagements helped them to enhance their storytelling skills.

Transdisciplinary Math: The geckos revisited 2D and 3D shapes. Using shapes, numbers, letters, etc. the students were encouraged to create their own patterns. They reinforced the concept of addition and subtraction by creating their own story problems.

Monthly Review

Dance: Reinforcement of basic movements, body postures with the help of props (pom-pom and streamers).

Music: The geckos learnt the song, 'Smile' and practiced our National Anthem.

Art: The geckos started learning colouring techniques using warm and cool colours. They are working on the colouring techniques and blending to make their paintings.

PE: The geckos engaged in warm up and cool down activities. They learnt various techniques of throwing like high, medium, low and long through different physical activities.

The Gaudium Sportopia Interschool Table Tennis Championship

Education World – Promoting Reading Culture in Primary Years

All India rank no. 15

Sportopia updates....

Champion Mentors at the Launch: (From L to R) Mr. S Raman, Mr. R B Ramesh, Ms. Kirthi Reddy, Mr. K Nithyananda Reddy, Mr. P Gopichand, Mr. R Ashwin, Mr. M Prasad, Mr. Leo Bruno, Mr. Sean Jamison

Ravichandran Ashwin
Arjuna Awardee / Legendary Indian Player
Mentor, Centre of Excellence for Cricket, Gaudium Sportopia

In this era of gadgets, an infrastructure like Sportopia is indeed a boon. Sports initiate responsibility in children. Building an infrastructure like this would mean the world to children to learn sport. The infrastructure will make sure that children are excited and go out there and play and more importantly it will help teach them life lessons.

Pallela Gopichand
Padma Bhushan Awardee / India National Team Coach
Mentor, Centre of Excellence for Badminton, Gaudium Sportopia

Sportopia is a wonderful initiative. What we are seeing here is a new revolution in Indian Sport - sport at the highest level and education of the highest order coming together and that's something that is really wonderful. The vision, the confidence, the way the entire thing has been executed has been phenomenal. When I looked at the quality of the Infrastructure here it would be fair to say that this quality of Badminton Courts I haven't seen anywhere in the country and that's something which is amazing.

R B Ramesh
Grandmaster / Indian National Coach
Mentor, Centre of Excellence for Chess, Gaudium Sportopia

I congratulate the Gaudium management for their vision and commitment in implementing it. Sportopia has a good ecosystem and the best trainers from various sports disciplines. Whatever is required to make raw talent flourish, is available at Sportopia - be it trainers, facilities or even the mind set.

Leo Bruno
Mentor, Centre of Excellence for Basketball, Gaudium Sportopia

NBA came to India a few years ago. One of the aims was to make kids love basketball. We have 31 centres in India and Sportopia is definitely my favourite. Sports will influence students to develop healthier habits.

Subramaniam Raman
Arjuna Awardee / 2 Time CWG Medal Winner
Mentor, Centre of Excellence for Table Tennis, Gaudium Sportopia

Sportopia is a wonderful initiative. It's the best thing that can happen to the Indian sporting scenario. We have trained in many centres but what is here is the best integrated sports, residential and sports science facility - everything under one roof. It brings the vision to the fore to bring sports and education together.

Sean Jamison
Manager WSMC, South Africa
Mentor, High Performance Centre, Gaudium Sportopia

Craig's vision and Sportopia align in terms of providing aspiring sportsmen health facilities. The aim is to create athletes who are physically fit and emotionally sound. Any physical education programme aims at developing healthy individuals. Sportopia is a healthy environment to do it.

World-class Academies

An Advertorial, Education Promotional Feature

Joy in learning... The Gaudium Way... an IB World School!

The Gaudium's vision is to enable young minds to be happy, compassionate and life-long learners. The philosophy of The Gaudium School is guided by the concept of "value creating education" which was developed to reform education and to make the world a better place.

The Gaudium School is an IB world school for Primary Year Program (PYP) and Diploma Program (grade 11&12), it is currently an interested school for MYP and is looking forward to becoming a candidate school shortly. For High school they are affiliated to CBSE and Cambridge Assessment International Education.

SOME OF THE SALIENT FEATURES OF THE GAUDIUM

- Child-driven education with goal setting - in the true sense of the word
- The campus is spread over 27 acres to foster the true learning spirit and

environmental awareness

- The teacher-student ratio is maintained at a very healthy ratio of 1:12 for individual attention and focus
- Furthermore, each teacher undergoes more than 270 hours of training every year for continued per-

sonal development

● The focus is not just on subjects or 'regular' learning. There is a lot of emphasis on:

- Wellness programmes - Physical wellbeing is as important as mental wellbeing
- Design Thinking - One's imagination is central. Design thinking at Gaudium emphasises on teachers and students engaging in hands-on design challenges that focus on developing action-oriented projects encouraging ideation, developing meta-cognitive awareness and fostering active problem-solving
- Reading programs like 'ORT novel study', are introduced from the primary year to enhance students' comprehension & reading, creative writing, public speaking and presentation skills

● Excellent infrastructure - Not just a vast space on 27 acres but a whole host of world-class infrastructure facilities:

- One of the best sports facility - Gaudium "Sportopia" - India's First fully integrated residential high-performance sports school with over 25 sports disciplines - One of the few schools school to have such a facility, supported by the best scientific sports curriculum
- ICC standard Cricket Stadium, BWF Standard badminton court, fifa standard football ground, FIBA standard basketball court, IAAF standard 400 metres 6 lane track, semi Olympic standard swimming pool, WSF standard Squash court & ITA standards Tennis courts

■ Interactive science and adventure parks on campus - again the only school to have them. As highlighted before, it is not just in words but also in action that they believe in the 'holistic' development of a child

- The only school to have a petting zoo on campus - inculcating the personality of being 'one with the nature'
- An auditorium for 600 people
- World class hostel facility available for grade 4 and above

A UNIQUE SLANT

The Gaudium has formulated "5 Developmental Pillars" to realise their vision and philosophy. These pillars provide the basis and also are the way of life at The Gaudium School. The interplay of the pillars is provided by the pillar of core values. Respect, gratitude, integrity, perseverance and empathy define the school culture by being its core values and form the basis for policies and planning.

They inculcate 'mindfulness' and 'well-being' amongst the stakeholders. This in turn increases their engagement in communication, collaboration and relationship building. All these are to obtain the objective of 'holistic excellence' in all streams - teaching, learning and leading and thus becoming 'global leaders' by accepting cultural diversity among other things.

The Gaudium's Pride

The Gaudium's Pride!

Aahna Reddy P
PP 2, IBPYP

Aahna Reddy P is now in the Amazing Kid Book Of World Records for participation in classical singing on the occasion of Bharat Balaotsavam, organised by Bharath Arts Academy & ABC foundation.

Unit of Inquiry: The geckos will explore how each form of art can be used as a medium to express ourselves. They will also understand the effectiveness of using art to express and its importance in people's life.

Transdisciplinary Language: The geckos will be encouraged to make small poems on their own. They will enhance their skills by writing short stories for the given pictures/scenarios.

Transdisciplinary Math: As an extension to patterns they will be introduced to skip counting of 2s, 5s and 10s. They will inquire to find the meaning of compare and contrast using Venn diagrams. They will be introduced to even and odd number as well.

Dance: The geckos will be introduced to classical and traditional dance forms and they will learn few basic steps.

Music: The geckos will be learning our National Anthem, Saare Jahan Se Achha and We shall overcome as patriotic songs.

Art: The geckos will engage in various paintings using the knowledge of colours, colouring techniques and other elements of art.

PE: The geckos are going to work on their manipulative skills like throwing (short, medium and long) and striking.
