Message from Head of the Department

EXAMINATIONS ON BOARD!!!!

The evenings are getting lighter, the blossom is blooming on the trees, and the weather is getting a little warmer. It's lush. But you can't relax because EXAMS ARE ON THE HORIZON!

Believe me, we all get it. That sickly feeling of dread, nerves and fear as exams loom overhead. Teens and young adults the world over begin their yearly panic. The Examination season at the Gaudium also began...

Our 3rd batch of IGCSE grade 10 students are, at present, writing their board examinations at school. The exam environment is set pertaining to the requirements of the board. The invigilators, all grade 10 teachers, along with Coordinator, are ensuring the smooth conduct of the examination, while our geckos are sparing no efforts to pass.

Along with the Board examinations, grades 6 to 9 are also going through their 2nd term examination. Though it has been an year of a blend of online, offline and hybrid teaching, owing to the pandemic, the students' performance and enthusiasm did not wander. They worked hard to catch up on any weak areas in their study, sometimes on their own and sometimes working extra hours with their respective teachers after school.

In preparation for the next academic year which will start in March 2022, we have left no stone unturned to be ready. Working In collaboration with the stakeholders of the school namely the students, the teachers, the parents as well as the administration department, many activities have been conducted like parent orientations, student orientation, academic planning, to ensure a smooth transition in a new year and leaving no stone unturned to be ready for the new academic session.

Writer's Effect Revision

Re-read the descriptions of:

- (a) The scenery in paragraph 4, beginning 'What wonderful views...';

"What wonderful views greeted us at that altitude! We could almost touch the snow-clad Pico Bolivar across the ravine, looking like a majestic, ancient and wise giant lording it over time and space. Below rushed the tiny, meandering river, just a moving silver thread woven into the dark fabric of the mountain. No superlative is capable of describing what we witnessed! It placed humankind firmly into insignificance as only minute specks on the landscape."

Response:

The line "What wonderful views greeted us at that altitude!" conveys that the writer was amazed to see the timeless beauty in front of her eyes, implying that she hadn't seen something like that before, that it was inconceivable. The phrase stating that they could "almost touch the peaks" vividly describes how they could feel extremely close to the peak as well as experience being one with nature in the closest way possible. "Majestic, ancient and wise giant lording over space and time" suggests that the mountain, Pico Bolivar, was colossal and seemed like an all-knowing lord, controlling time and space itself. The description of the river as "a moving silver thread" evokes a visual image of the river wrapping the mountain like a gift, tying it with the silver thread. It also implies that the mountain range seemed infinite. "No superlative is capable of describing what we witnessed!" again highlights the fact that the place was beyond imagination.

Revising concepts in Math for upcoming exams

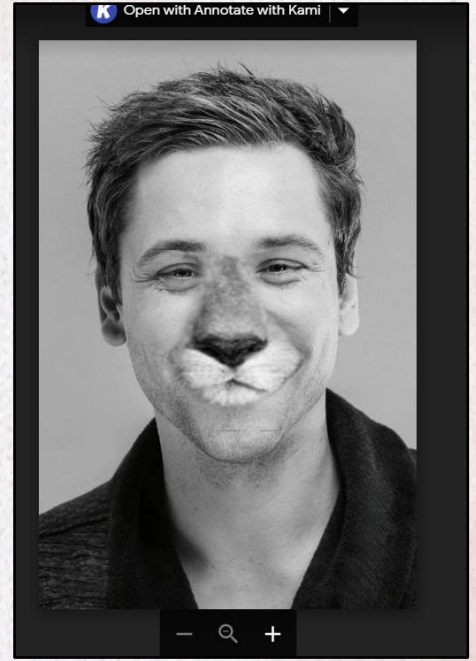

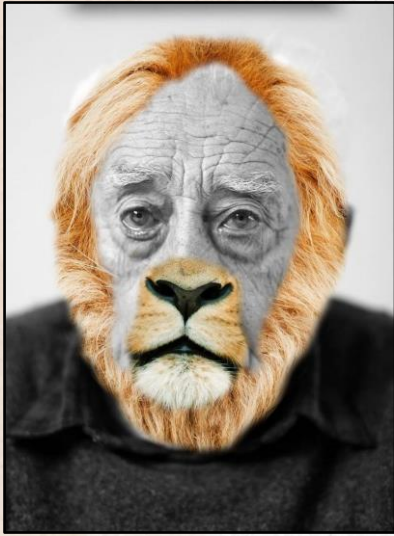

The screenshot shows a Google Meet window with a presentation titled "Exercise 17.3" from a mathematics textbook. The exercise involves copying and drawing images of objects on a grid using translation. The presentation includes four diagrams (a, b, c, d) and a list of translation instructions: 2 squares right, 2 squares down, 3 squares left, 4 squares up, 4 squares right, 1 square up, 1 square left, and 3 squares down. A text box explains that in part c, the translation doesn't involve any movement left or right, so only the number of squares down is needed. The Meet interface shows participants: VISHRUTH RE..., Mary preethika, Aarav Reddy..., Ramadevi Nu..., Sri Jayathi De..., SRI LALITHA V..., Karthik Mayal..., 10 others, and You. The time is 9:47 AM and the location is ci-6a.

बसंत पंचमी celebrations in Hindi class

The screenshot shows a Google Meet window with a presentation titled "You're presenting to everyone". The presentation features a large image of Lord Venkateswara, a Hindu deity, seated on a white swan (Matsya) and playing a veena. The background is a dark blue night scene with a temple gopuram. The Meet interface shows participants: SRI LALITHA VEERAGHANTLA, VISHRUTH REDDY PANNIRU, Ashmit Aggarwal, AAYUKTHA REDDY G, Jupelly Ishan Kumar, Rupika Tannuru, Mary preethika, and You. The time is 10:42 AM and the location is nisha-sl. The bottom status bar shows 27°C, Haze, and the date 10:42 AM.

Global Leadership

"Leadership is the ability to guide others without force into a direction or decision that leaves them still feeling empowered and accomplished."

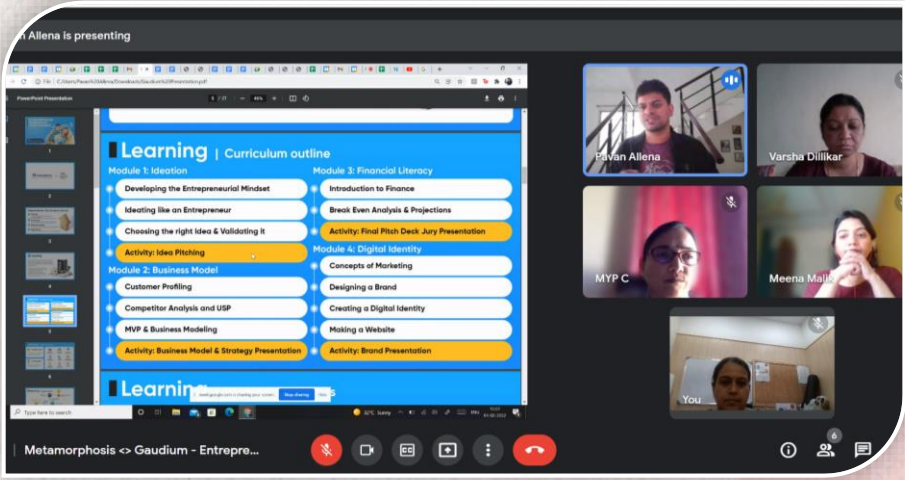

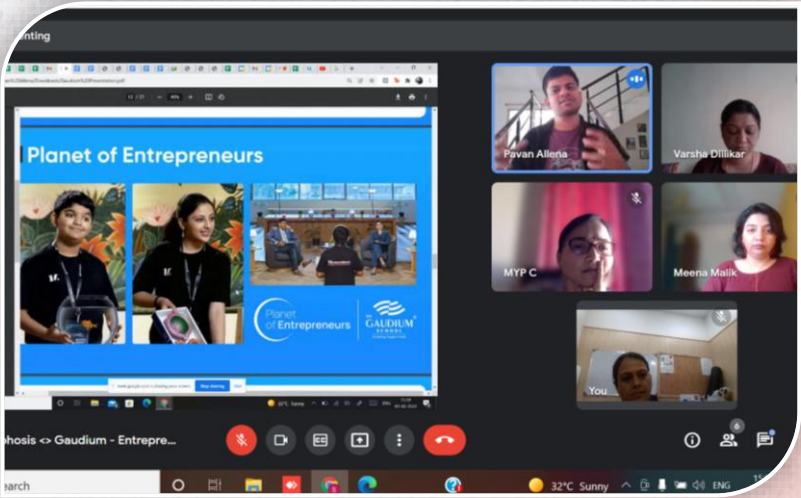

Our Principal, Ms. Shalini Singh Hamilton, was the keynote speaker in the Indo-Finnish Education Conference arranged by the Finland Education Ministry for the audience of 6 to 14 year old kids and their parents (Finnish & Indian) wherein she spoke about the successful pedagogical initiatives taken up at The Gaudium to nurture children's curiosity and thereby provide a holistic learning aligned with the Happy Minds' Model.

Summary of the Session

In this session we have talked about:

- how the Hodder checkpoint series supports the new curriculum
- teacher support structures in the Hodder Checkpoint Series
- skills development and assessment techniques to inform teaching and learning
- incorporating language learning activities and ideas using a blended approach
- using the mobile phone as a tool for effective teaching and learning
- platforms and tools that support e-pedagogy
