Message from the Principal's Desk

Dear parents,

Greetings!

Today I am sharing with you a simple story with a great message for all of us!

The day finally arrived. It was time for the great acrobatic balloon competition. Every insect in the garden had been training hard, and now they were preparing to begin their routines. The balloon competitions were always something really special, since they could only happen after the children of the house had had some big party. There was only a short window of opportunity too, before the parents came around to collect up the balloons.

Each time, the flying insects were favourites to win, because they could grab the balloon strings and fly off in all directions, creating all sorts of patterns in the air. However, on this occasion there were some rather unusual insects taking part: a group of ants. Of course, no one expected that they'd do anything special. They were so light that no ant had ever bothered to take part, but it was quite impressive to see all the ants all perfectly organized and prepared.

So, the competition began, and the different insects took their turns, performing beautiful manoeuvres with the balloons. As always, the butterfly and the firefly left everyone amazed with their twist and turns, and their wonderful colours. When it was time for the ants to perform, it seemed like the competition had already been decided.

For the first time, the ants shared just one balloon between them, and one by one they climbed up the balloon string; forming a thin black thread of ants. When all the string was covered, the last ant climbed over his teammates to reach the balloon. Once there, he climbed onto the top of the balloon.

This strange spectacle attracted everyone's curiosity, and they were just about to witness the most important moment: the ant opened his jaws as wide as he could... and then he stabbed the balloon with all his might! Pssshhhhhh!!!

The result was tremendous! The balloon began blowing out its air, flying madly about, here and there, doing a thousand pirouettes, while the perfectly synchronized ants, made all kinds of beautiful shapes out of the string.

Of course, that acrobatic flight ended with quite a hard landing, but it didn't matter. The originality and teamwork of the ant performance was so impressive that the crowd didn't even have to vote for there to be a winner.

From then on, in that garden, everyone understood how much could be achieved by working together. In the years to come, the balloon competitions were full of displays carried out by teams, and they put on some wonderful routines; something those individual insects could never have achieved on their own.

As we draw to the end of the academic year 2021-22 I take this opportunity to thank you all for the support and patience shown during the challenging times, embracing change and forging ahead to ensure learning continues.

I would like to thank our hard working and caring faculty and staff for their sincere efforts that made a huge difference to our students and all of us at school. They were always ready to provide engaging, and joyful learning experiences fostering curiosity, along with developing the approaches to learning (ATL) and attributes of the IB learner profile. Their commitment to uphold and lead the vision of unlocking potential through the 5 developmental pillars was clearly visible in their work inside and outside the classrooms.

I wish you all a very happy, safe and enjoyable summer break. Please do stay safe and continue spending joyful family times together.

I look forward to seeing you in June, 2022 to start the new academic year!

Anjalika Sharma

Message from the Center Head's Desk

Dear Parents,

Greetings!

We have successfully completed this academic year with the continuous visionary guidance from our leaders, resilience and commitment from our staff, perseverance and adaptability of our young learners and constant support and trust from our parents.

We have strived towards excellence in implementing innovative learning-teaching strategies and best practices through continuous professional development training of staff.

The Gaudium's Happy Minds Model was implemented very well with the action plan intended to support five developmental pillars.

The PP2 Graduation ceremony was celebrated with great enthusiasm. Our congratulations to all the students who successfully graduated from the Early years to the Primary years.

We concluded the year with the final PTM, sharing the academic progress with Term 2 reports.

Students have been assigned holiday assignments in their respective Google Classrooms for revisiting the concepts learnt and for reinforcement of skills acquired during their learning this year. We have shared reading links as well. You are suggested to encourage them in completing the assigned tasks for being better prepared for the next grade level.

This year has been an enriching journey for all of us, being the members of the learning community as we adapted successfully with changing times and accomplished our goals set for the academic year in different areas. Heartfelt gratitude to each one of us for the dedication and efforts put together to make this academic year a success. I wish you all a restful summer break!

Ranjeeta Sahoo

School Philosophy- 5 Developmental Pillars

PDF Compressor Free Version

Mindfulness and Well-being

Students practiced mindful breathing and mindful movement using bell breathing, squid and relax technique, flower pose and focus breathing. They enjoyed practicing sense awareness by creating beautiful mandala art that helped in enhancing their focus and concentration abilities. Students also discussed growth mindset.

As part of the monthly Group Awareness Sessions for well-being, the school counselor took a session on gratitude.

Students discussed "gratitude" and why is it important to practice it. They engaged in different activities to understand the concept of gratitude better and expressed gratitude for what they have.

They shared various ways to show a feeling of thankfulness to each other.

School Philosophy- 5 Developmental Pillars

Core Values

Students took part in various learning engagements like watching videos and listening to stories and reading books related to core value for the month, 'Integrity'.

Students also reflected and discussed about how they would practice integrity at home, in class, while working individually and in group.

Holistic Excellence

As a part of holistic excellence, students continued to make connections with the attributes of the learner profile during the learning and teaching. They reflected on various approaches to learning they developed and demonstrated during this term.

Students enjoyed the reading sessions as well as engaged in reading ORT books to further enhance their reading skills.

Stakeholder Engagement

As the academic session came to an end, teachers and parents met through parent teacher meeting (PTM) to discuss the academic progress of their child. They discussed the positives as well as areas of improvement. They suggested follow up steps as well to further support the learning needs of the child.

Global Leadership

Students continued to develop and demonstrate ATL and attributes of learner profile by participating actively in various learning engagements and actively shared their understandings. They continued to take ownership of their learning by co-constructing success criteria.

Professional Development

Programme of Inquiry and Curriculum Review

The team reviewed the POI (Programme of inquiry) and engaged in curriculum mapping for Language and Math as well as single subjects to highlight transdisciplinary connections with the units of inquiry.

Single subject teachers reviewed their respective curricula and finalized the annual plan.

The scope and sequence documents were also reviewed as well.

Review of school policies

The PYP team read through school policies and shared their individual reflections. They later worked in different groups to present their understanding of the policies.

They reviewed the school policies as a team.

Planning for the five developmental pillars -

The core team for 5 developmental pillars reviewed and reflected on the implementation of the activities planned for the academic year 2021-22. They started working on the planning for the next academic year.

Learning and Teaching- Month Review

Unit of Inquiry:

Transdisciplinary Theme:

Who we are

Central Idea:

The choices people make affect their health and identity.

Lines of Inquiry:

- Balanced lifestyle
- Choices affect our health
- Different sources of information that help us to make choices

Key Concepts:

Function, Responsibility, Perspective

IB Learner Profile:

Balanced, Reflective, Principled, Caring

Unit of Inquiry:

Students continued to inquire about different sources of information and how this information help them in making choices. They also discussed about three different personas and shared their views and reflections.

Transdisciplinary Language:

Students were introduced to antonyms and synonyms, 4 W's and singular and plural words through various learning engagements. They were also introduced to punctuation marks such as full stop, question mark and use of upper-case letters. They identified the punctuation marks while reading the ORT books. . Students had a reinforcement of the concepts learnt so far through a range of learning engagements.

Learning and Teaching- Month Review

PDF Compressor Free Version

Transdisciplinary Math:

Students are introduced to the numbers up to 100 through various learning engagements. They are also introduced to greater than less than concept through flash cards. They practiced number formation, identification, sequencing numbers from big to small and small to big, creating patterns, etc. Students revisited the concepts learnt so far with a range of learning engagements related.

Drama: Students had opportunity to express themselves using props. They learnt using different objects as props for enacting a character in a given situation. They worked on their expressions. They engaged in vocal exercises as well.

Music: Students practiced all the songs learnt this term. They made a choice of song for their concluding assessment task. They shared the reasons for the choice made. Students recalled the lyrics of the song and sang the song following the tune along with actions that goes well with the lyrics to convey the meaning.

Dance: Students learnt different levels of moves and elements of dance through movements, particularly, locomotor and non-locomotor steps such as jump, slide, walk, sway, curl, turn, pump and bend. They also worked on their expressions while engaging in dance.

Learning and Teaching- Month Review

PE: Students learned catching skill through different physical activities such as toss and catch, throw and catch and partner catch. They applied the skills which they have learned during the physical education sessions while engaging in different activities. Students also practiced running in different ways such as running on the spot, zig-zag run, jumping on the spot and from one spot to another, hopping with right leg and balancing on one leg.

Art: Students co-constructed the assessment task and criteria to show their learning. They revisited the previously learnt art forms like tearing and pasting and drawing.
