Message from Activity In-charge

"In the midst of chaos lies Creativity"

After the long and dreary pandemic which stole two years of regular schooling, the month of October proved to be an exciting time for students and teachers alike to come together and get their creative juices flowing. The campus came alive with various events and celebrations, reverberating with the ideas and inventiveness of the inspired young minds.

Term 2 kicked off with all of the Middle and High school students coming together for the Assembly on the first day of school. Principal Mam welcomed the students and reminded them about the code of conduct and the school's expectations from them. World Mental Health Day was celebrated on 19th October 2022 at The Gaudium. A special assembly was conducted by the Psychology students of CBSE and IBDP along with the teachers of the Counselling department where they spoke about the importance of maintaining good Mental Health.

The occasion of Diwali marked the first of the Inter house competitions (other than the sports competitions which were held in previous months) – Soft board preparation and Rangoli competitions with the theme of Diwali. The competition was held on October 20th, Thursday after lunch and the results were announced the next day. All the students did their best, but the overall winner of the day was Griffins with Dragons a close second followed by Sphinx and Pegasus.

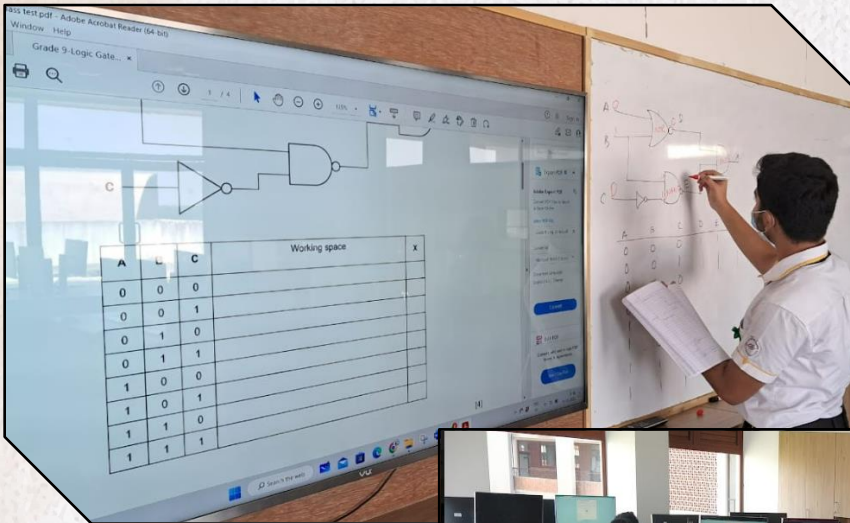

Farmer's Market held on the 29th of October saw the culmination of the myriad preparations by students and teachers that made the event a resounding success. The dance studio, music studio, dramatics studio, art studio to mention a few were all teeming with students' energy and zeal as they prepared themselves to put on a memorable show. And what a show it was! The flash mobs, bands, street plays were enjoyed by the crowds with even encore performances. The art stalls, food and games stalls were all packed with visitors and well wishers which encouraged and motivated students and contributed to the worthy cause of helping the farmers around the school community.

Holistic Excellence

Education helps to develop skills and knowledge to have a successful career

Holistic Excellence

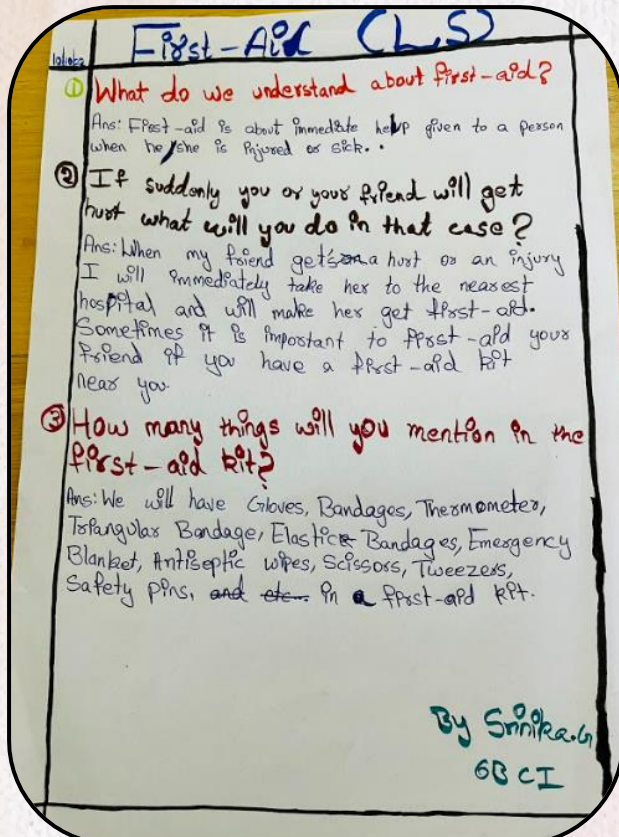

साक्षात्कार गतिविधि

छात्रों को कक्षा में साक्षात्कार गतिविधि करवाई गई। इस गतिविधि में छात्रों ने विद्यालय की प्रधानाचार्या, शिक्षकों तथा आईअम्मा का साक्षात्कार लिया। इस गतिविधि में छात्रों ने बड़-चढ़ कर भाग लिया।

Holistic Excellence

Life skills are art of living, which help us to draw a personal and professional sketch of life

Core Values

Autumn Vacation is over!!! Heading back to school...
Special assembly on the re-opening day

Core Values

Let There Be Light- Diwali Assembly

An aura of exuberance consumed the Gaudium family as we assembled together to celebrate the festival of lights. An inspiring display of hope and endurance, power-packed Garba performance and scintillating musical renditions turned the whole atmosphere into a festive carnival. The inspiring speeches and the thoughtful words of our Principal that the essence of this festival is not about having more but about giving and being more, did truly strike the right note with the listeners.

Core Values

"Let us celebrate the **Diwali festival** with smiles on our faces and joy in our hearts."

Core Values

Gearing up for **Farmers' Market**-our classrooms and corridors are buzzing with infectious enthusiasm generated by the students. The planning and preparations to put up the stalls are in full swing

Core Values

Nurturing togetherness-**The Farmers' Market** unites us to stand for a social cause.

Mindfulness and Wellbeing

Mental Health Day

We envision a world in which mental health is valued, promoted and protected; where everyone has an equal opportunity to enjoy mental health and to exercise their human rights; and where everyone can access the mental health care they need. While stigma and discrimination continue to be a barrier to social inclusion and access to the right care; importantly, we can all play our part in increasing awareness about which preventive mental health interventions work and celebrating World Mental Health Day was an opportunity to do that collectively. Swaying to the beats on the popular Jackson number 'Heal the World' we all pledged to prioritise ours and others mental well-being. The 'Wall of Hope' also significantly gave us the confidence to express our short- and long-term stresses and devise plausible solutions to them.

Mindfulness and Wellbeing

Puberty Health and Hygiene sessions-for grades 6 to 8 Girls by Ms. Jyothsana

Personal health and hygiene have been found to play a very important role in keeping oneself healthy and safe. It is because of this reason that, kids are taught the importance of hygiene not only from a medical/ health point of view but also as a basic skill that they need to learn and priorities. We at Gaudium, believe that personal health of a student is very important as it ensures that every child gets to use his/ her own potential by adopting healthy habits, and is also able to be regular to school. We also understand that as kids grow, and hit puberty, they come across several changes, emotionally, mentally and physically. While the kids and their parents have sensitized themselves with knowledge around personal health and hygiene and puberty health, we from the Cambridge school team, wanted to provide a platform to our girl students to be open about their experiences and have their concerns expressed.

With this intention, we conducted a session on Personal health and hygiene for girl students from grade 6th to 8th. The session is as a part of Life skills classes, and we had Ms Jyothsana, School Nurse, conduct the session for us. Here the students were made aware (and even reiterated) the importance of

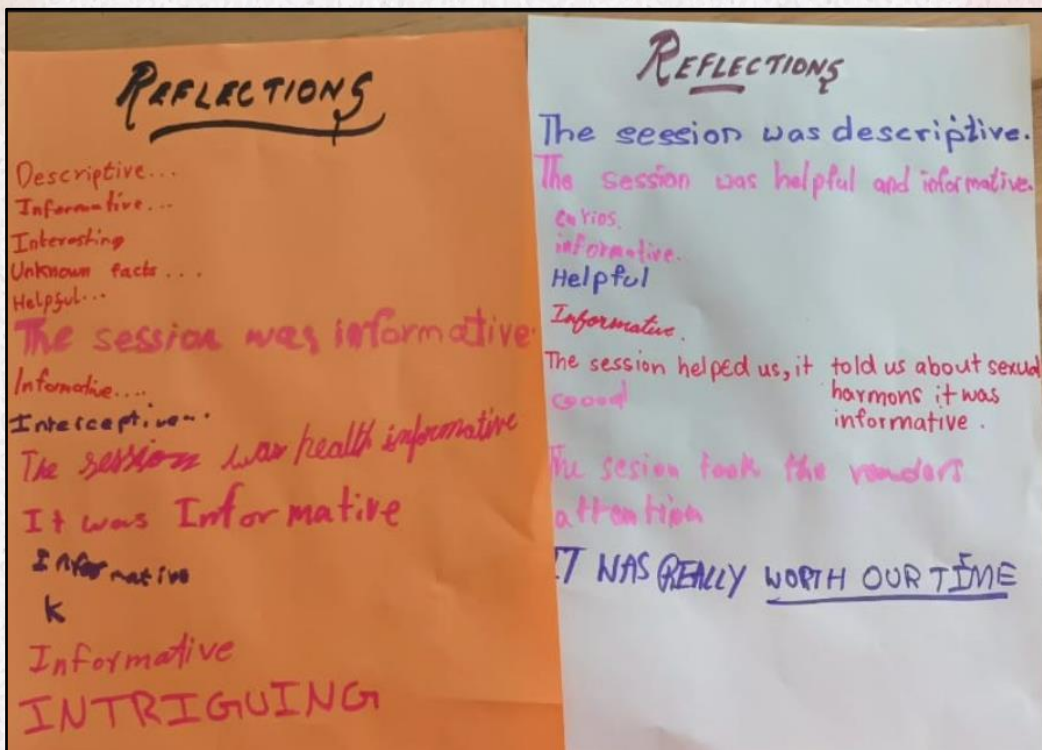

personal hygiene , and how it contributes to a healthy mind and body. Pointers around dental, skin , and healthy food habits were spoken about. Later the students were made aware of the Menstrual cycle and shared best practices to keep themselves clean and safe from infections. Keeping ourselves clean and safe also comes from how we keep our environment. Hence proper disposal of sanitary napkins were enforced.

The session ended with question and answers, where every question was welcomed and children were encouraged to ask, leaving their inhibitions aside. Students were able to get answers for their concerns. It was warming to see how the students were willing to embrace and prepare themselves for this new journey.

Mindfulness and Wellbeing

Puberty Health and Hygiene sessions-for grades 6 to 8 Boys by Dr. Rajashekhar

Mindfulness and Wellbeing

Be Healthy, Be Happy!

The bi-annual medical screening of students at The Gaudium includes height, weight, blood pressure, BMI, and this routine health screening helps early diagnosis and intervention and prevention of long-term problems later in life. It was successfully conducted for all the students.

Check-up for
grades 6 to 10

Stakeholder Engagement

Meetings provide a valuable forum for a range of different functions, helping people to share ideas, make decisions, and build team relationships

Stakeholder Engagement

Three-way Conference

Together we nurture the dream of holistic development for all our students, and parent-teacher interactions play a crucial role in the achievement of this goal. The interactions and discussions among the parents, students, teachers, coordinators and the Principal strengthen the bond among all the stakeholders, leading to an atmosphere where we acknowledge the child's aptitude and achievements. Such positive interactions yield rich dividends. With that end in mind, we successfully completed a three-way conference designed to understand the child's progress assessed on the basis of the Term 1 results on October 15, 2022.

Global Leadership

Diwali- A Kaleidoscope of Raising the Bar

To unwrap the joy and gaiety of the festive season and fill everyone with the competitive spirit an inter-house Poster-Making and Rangoli Making competition was organised on October 20, 2022. The finished displays were quite a spectacle to behold, and after careful consideration our expert panel of jury members declared Griffins house the winners of the contest.

Global Leadership

"You are the one who made a difference" - A powerful thank you gift for that special teacher that makes a lasting impression!

Teachers being presented with **Collins' certificates**

Global Leadership

Laurels and Accolades

The Gaudium wins at the Education Today Awards!

Award for The Dynamic School 2022 and for Best Campus Architecture and Design.
