## CBSE EDITION

## Message From the English Language Facilitator

Dear Parent,

Greetings from The Gaudium School, Kollur!

Welcome to the November edition of the CBSE Newsletter.

We have successfully completed one more month of learning and we see the development in our learners both in scholastic and co-scholastic sphere. We are grateful for your continuous support in helping us develop and nurture our learners following the core values of our school. The faculty started the month with added enthusiasm to celebrate the students on Children's Day on the 14<sup>th</sup> of November. It was busy month dedicated to rehearsals and planning, to better our engagement with students. We are now preparing for our annual day and appreciate the enthusiasm and creative input put forth by our learners.

We continue to impart concepts and encourage students to be interactive and explore independent research in academics as we believe curiosity to be the best driving force in life. We strive to give individual attention to every student and give time effective feedback in order to help them learn and grow. We concluded the Periodic tests, appreciated the students for the learning they have acquired and reflected on the areas that require improvement and continue to work on the same. At Gaudium, the focus is on the Happy Minds Model, thus we ensure our learner are nurtured into being well developed individual with a strong sense of self.

We are excited to continue work together with you to ensure the wellbeing and well-rounded development of all our learners. Now is the time set the intention for the upcoming year and we would like to focus on literacy skills for our learners. We are looking forward to a productive partnership with you to ensure our learners achieve the highest potential. We recognise that in order to be successful in school and in academics our children need support from both home and school. We know a strong partnership with you will make a great difference in your child's education.

We ask that you guide and support your child's learning by ensuring that he/she:

1. Sets aside time to read each day.
2. Now is the time to set reading goals, ensure it is realistic and achievable so that it encourages the child.
3. Apply the key reading strategies taught in class, as our goal is to improve literacy skills along with pleasure reading.
4. Get the creative juices flowing, whenever the learner finds time, he/she should be encouraged to write poems or short stories.
5. Get the learner to get in the habit of reading with expressions and intonation, as taught in class, to build confidence and eloquence.

As partners, we share the responsibility of our learners success and we want you to know that we will do our very best to carry out a responsibilities.

Regards,

Anusree Bhanja

English Language Facilitator

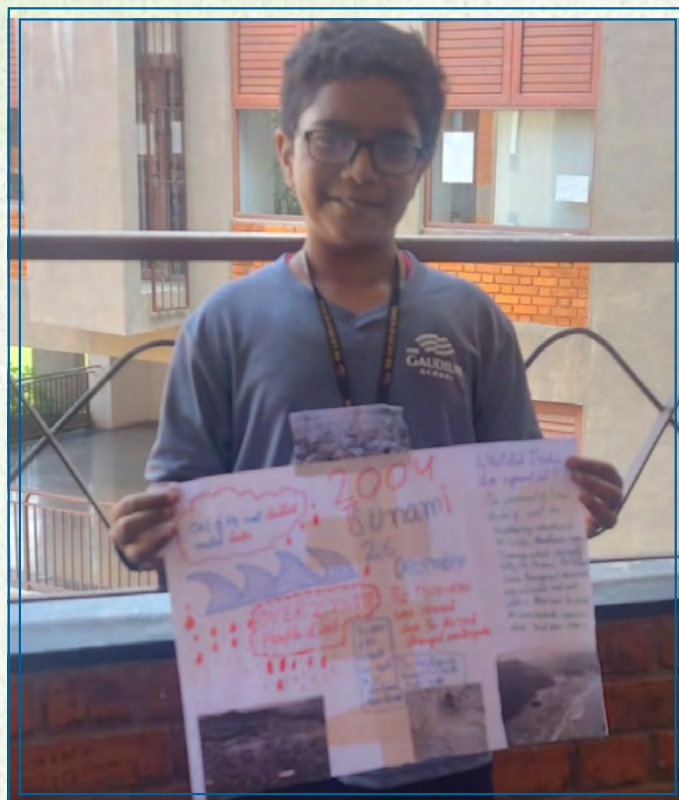

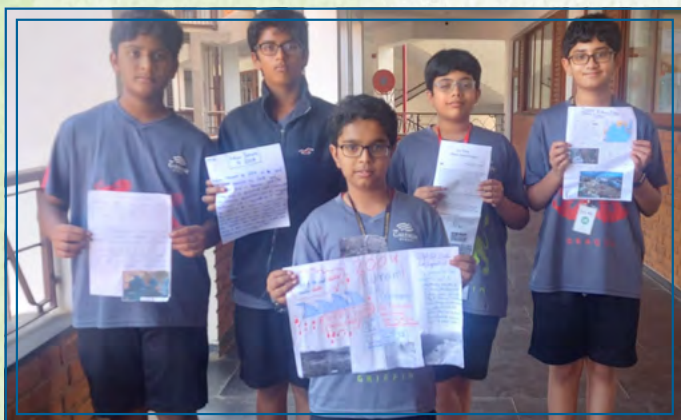

# HOLISTIC EXCELLENCE

## Be the Change-Social Science Activity

The students of Class VII presented their deep understanding of the causes and consequences of tsunamis around the world in the form of pamphlets and brochures. The idea was to spread awareness that man has harnessed nature and ultimately brought misery upon himself.

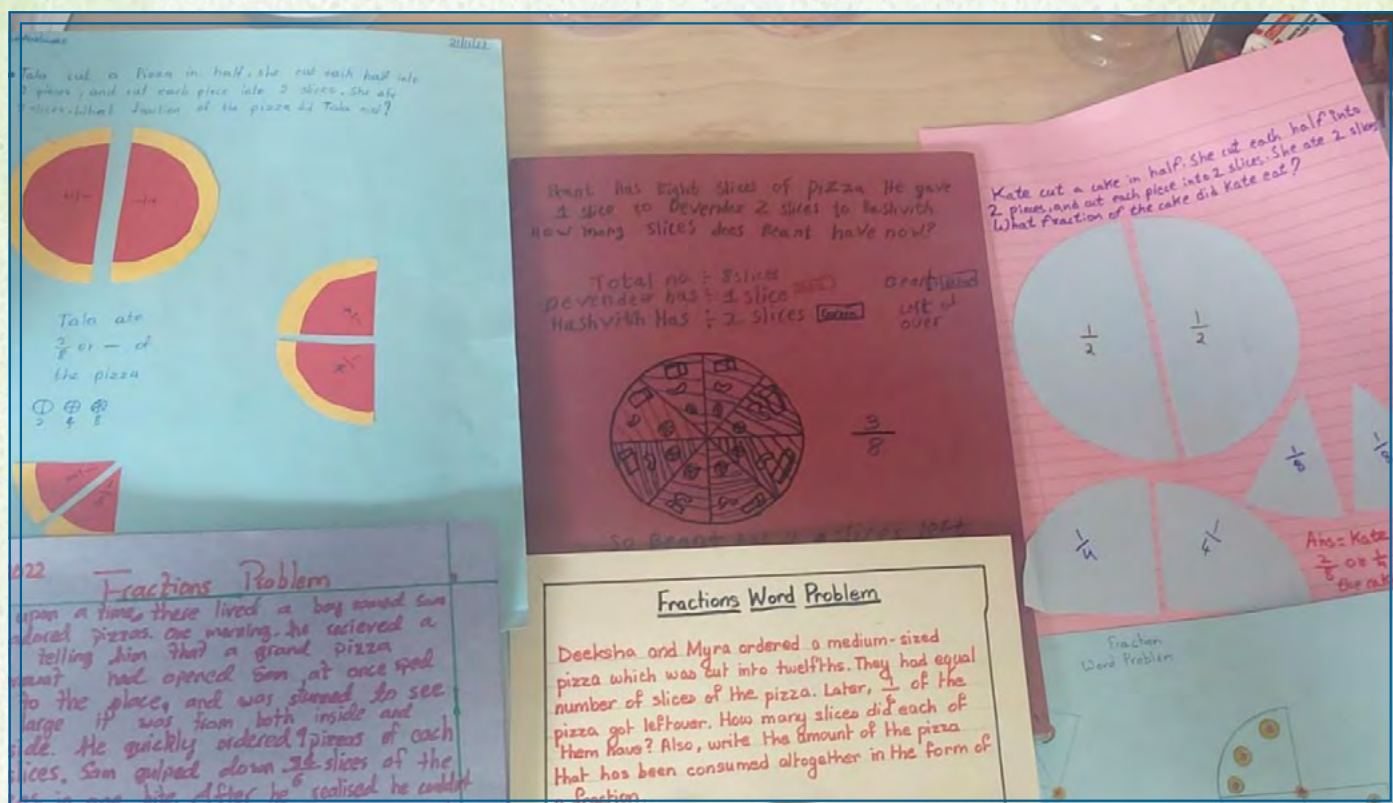

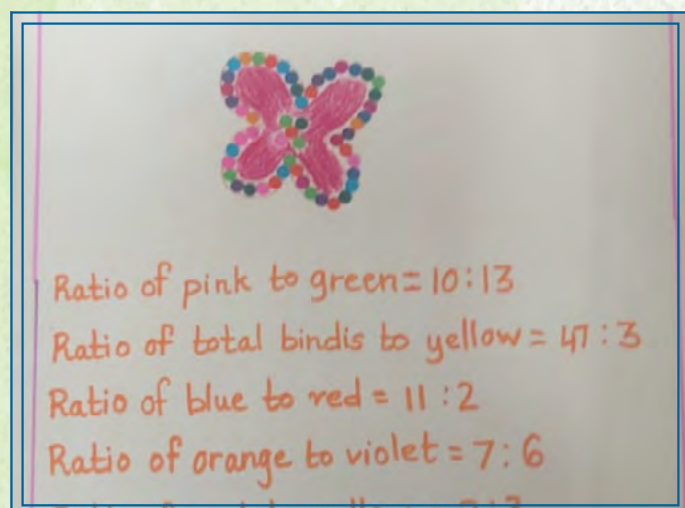

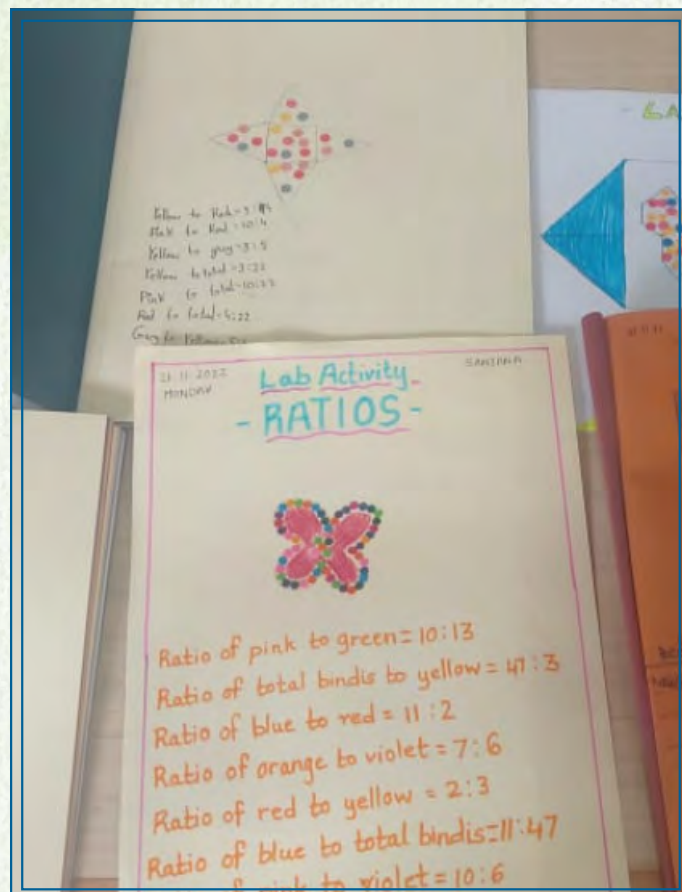

# HOLISTIC EXCELLENCE

## Math-O-Magic

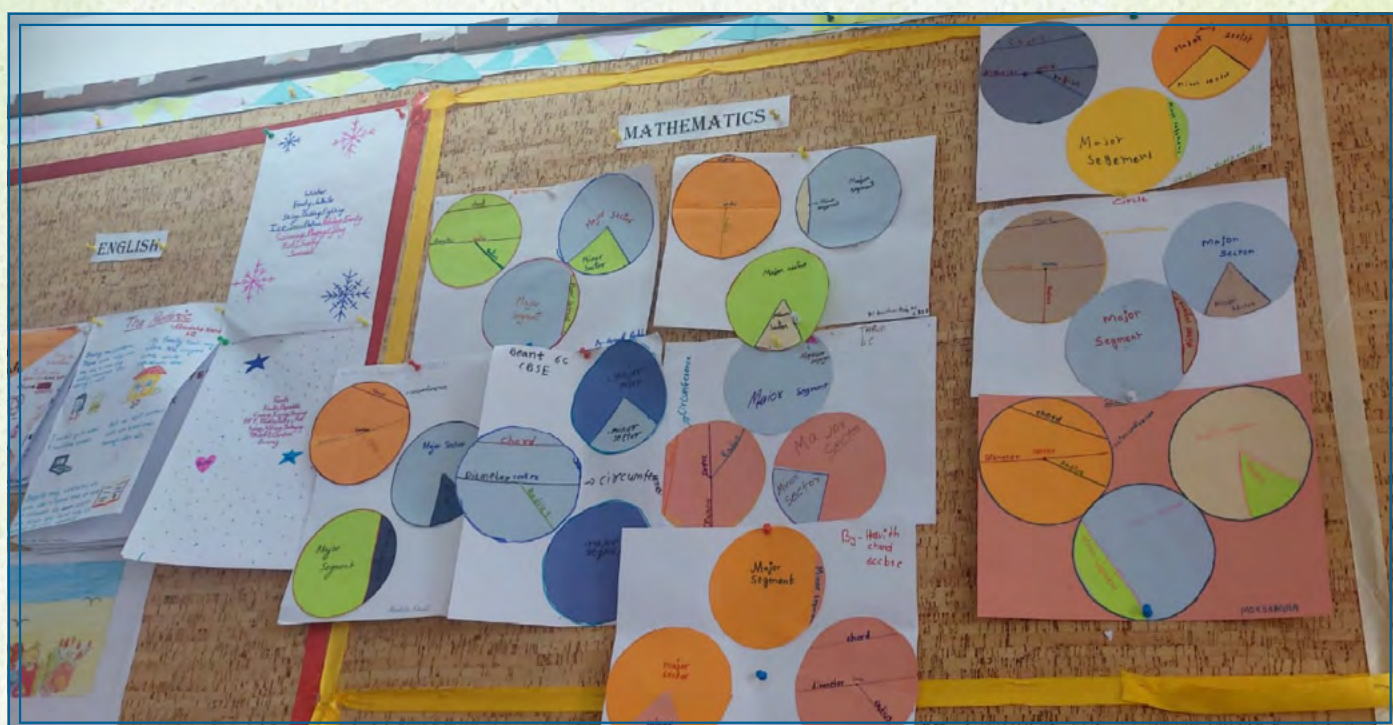

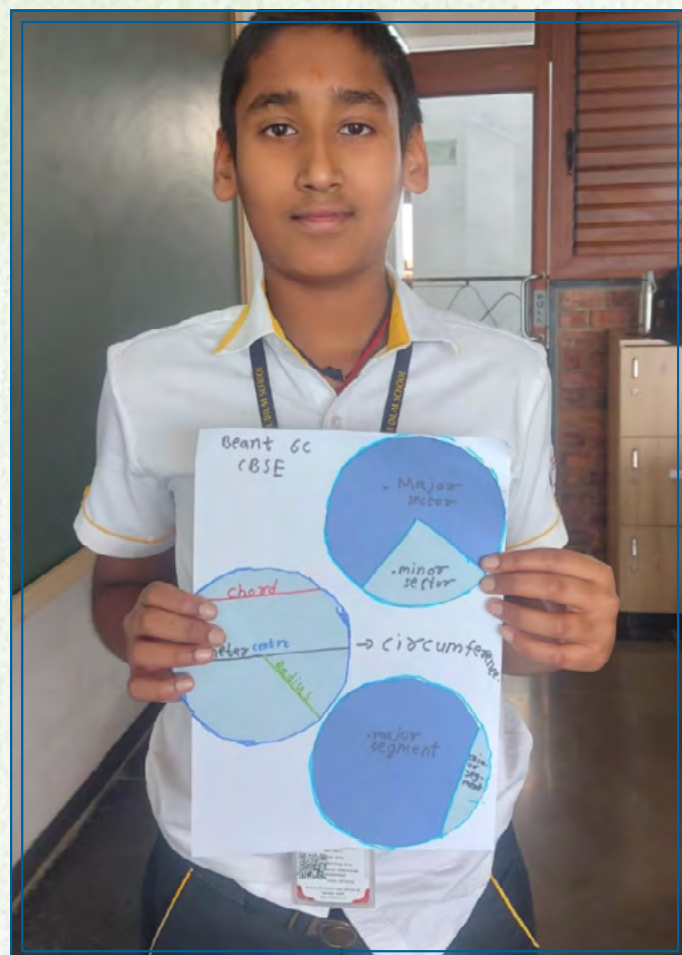

Mathematics is fun when it is coupled with hands-on-activities. Not only does it effectively engage the students, but also makes learning permanent. The students illustrated their learnings of the Mathematics class in creatively carved demonstrations.

# HOLISTIC EXCELLENCE

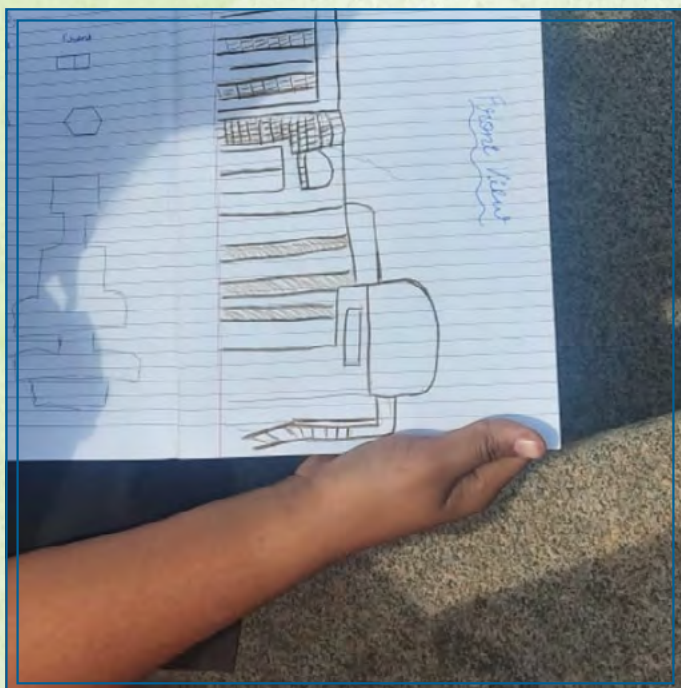

Identifying the properties of a circle and representing them through paper cuttings.

# HOLISTIC EXCELLENCE

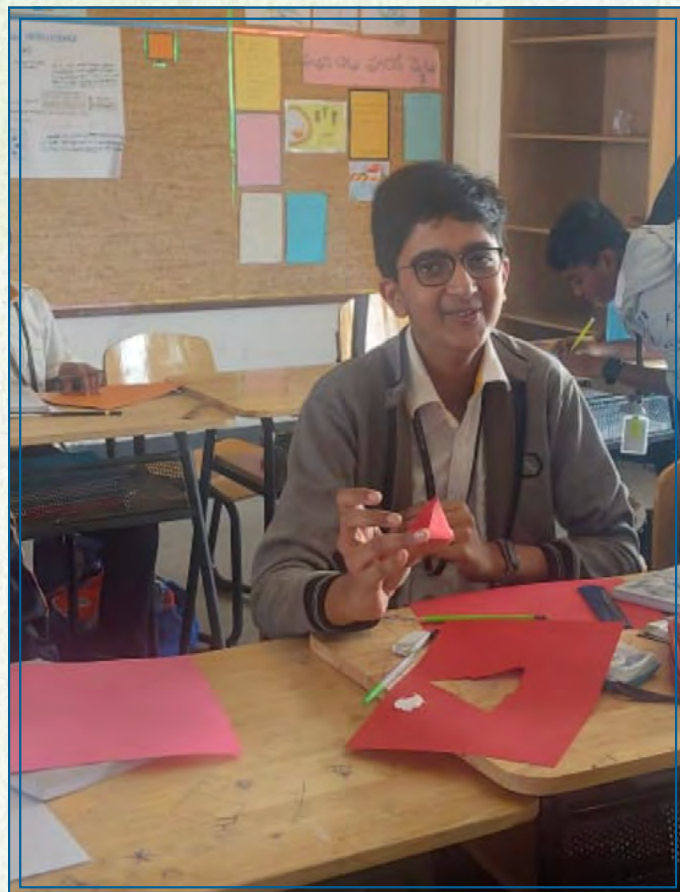

Class VIII observing and studying the top, front and side view of the school campus to strengthen their understanding of area and perimeter.

# HOLISTIC EXCELLENCE

Class VIII presenting their understanding of space and solid shapes.

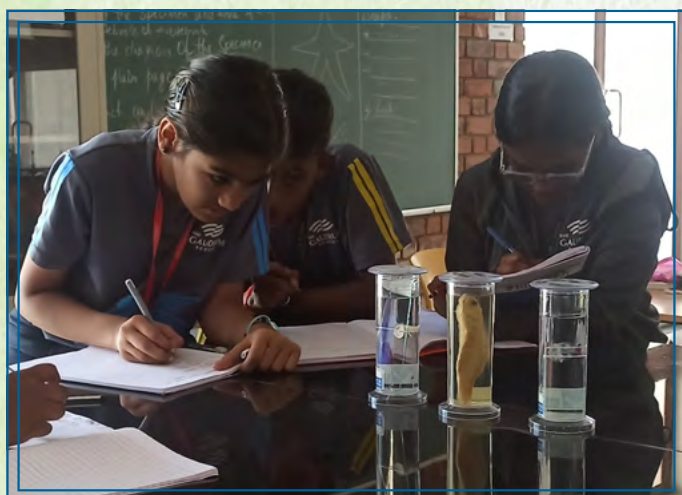

# HOLISTIC EXCELLENCE

## Experiential Biology Lessons

Our students exhibit the brilliance of an inquirer who explores, investigates and infers to complete the understanding of every Science lesson. The students observed and understood the adaptations in various species of animals in this month's laboratory lessons.

# HOLISTIC EXCELLENCE

## Sandwich Making in Class VI

Our skills classes came alive with the excitement of learning to cook some simple, wholesome meals without the quintessential fire element.

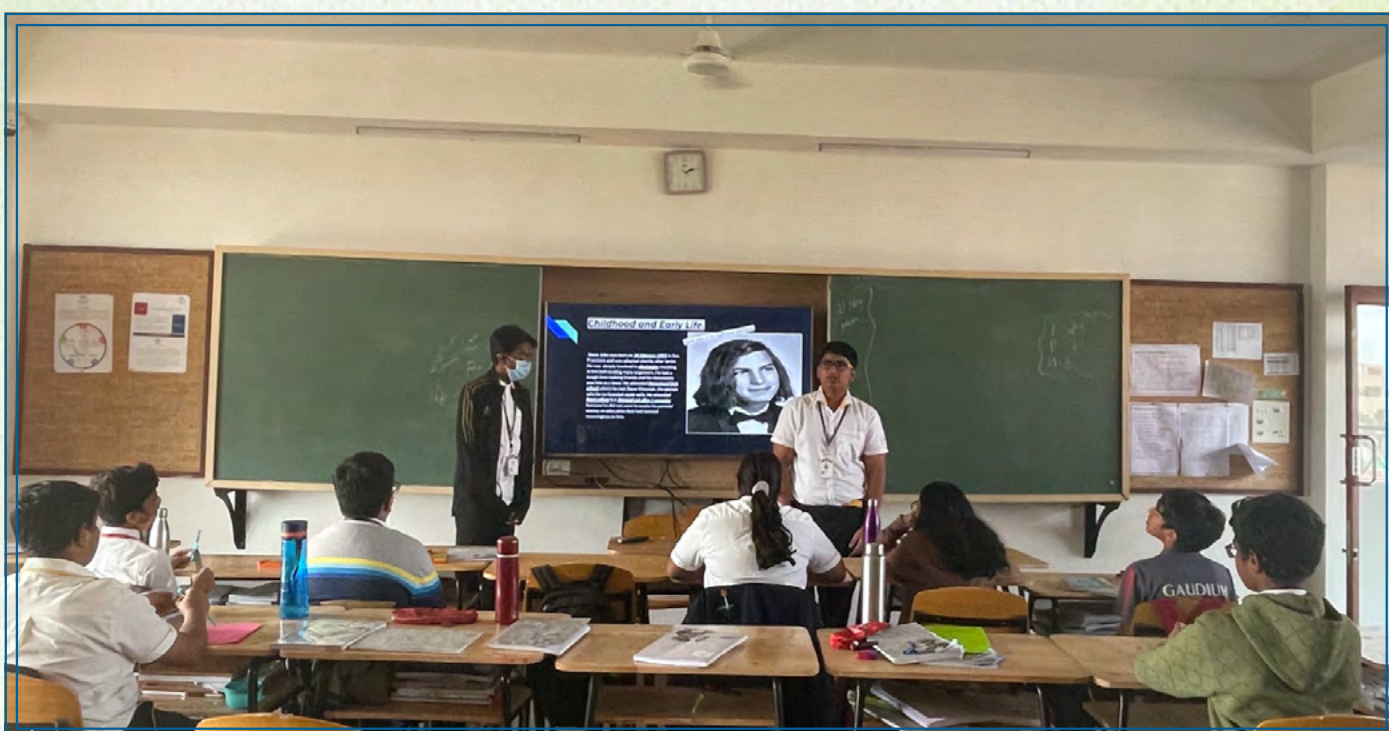

# HOLISTIC EXCELLENCE

## English Class Activity in Class VIII: Unit- An Entrepreneur with a Heart

After learning about the journey of entrepreneur and philanthropist Kiran Mazumdar Shaw, students took up the project of exploring and learning more about the Entrepreneurs that inspire them. Students enthusiastically made their PPTs and presented the same to the whole class.

# CORE VALUES

## Class Assemblies Based On The Core Value of 'Perseverance'

**P**erseverance is about doing the best we possibly can, by continuing to try even when we feel like giving up. We must face our difficulties with determination. Our class assemblies this month enumerated the ideals of exhibiting perseverance in walks of life.

# MINDFULNESS AND WELL-BEING

## Decluttering the Mind- Mindfulness and Well-Being Sessions

The increasing awareness that creating a safe place for our children to learn begins by creating a place for them to breathe mindfully and recognise the purpose of our educational activities, is transforming our classroom into a haven, untouched by the stress and anxiety of the current climes. Simple mindfulness activities that are being practised in the classroom are bringing in the necessary calm and we can already see the teachers and students reaping its benefits. Increased levels of concentration, improved social skills and enhanced decisiveness is sure to translate to better academic performance. We are proud of our students, gradually building on their resilience, identifying distractions and self-regulating to make classroom learning more meaningful than ever before.

# MINDFULNESS AND WELL-BEING

## Mind-Brain Parenting Sessions

It is a well-known fact that raising children in the 21st century constantly demands reining children's occasional disobedience, emotional outbursts, tantrums and 'out of control' behaviours; and it is quite reasonable that the parents and guardians are anxious about the whole situation. Regardless of how challenging the situation is, our

School counsellors, Ms. Leonie Marshall and Ms. Sudakshina Dey have a solution for it. In a recent Mind-Brain parenting session they enumerated a different perspective of how to stop managing behaviour and raise joyful, resilient kids by using revolutionary parenting strategies.

# STAKEHOLDER ENGAGEMENT

## Unravelling the Joys of Childhood-Children's Day 2022

Childhood is a blessing and the day that celebrates the ecstasy of this phase needs to be a befitting one. On the 14th of November the sprawling lush green lawn of The Gaudium turned into an euphoric performance ground. The teachers put their creative energies to the forefront and made the occasion memorable with their soulful melodies, dance moves and theatrical pursuits. Amidst loud cheers of the exuberant students, the celebrations unfolded a tale of love, care and compassion.

# STAKEHOLDER ENGAGEMENT

# GLOBAL LEADERSHIP

## Annual Day Rehearsals

**P**reparations for the big day are underway. The school campus is abuzz with the vivacious display of talent waiting to find an expression on the grand stage. Block your calendar on December 18, 2022!

# GLOBAL LEADERSHIP

## Aryabhata Ganit Challenge

**M**athematics is not just a collection of facts, principles, theories and models but a way of life and a social enterprise too. Mathematics and its applications surround us in diverse and multiple ways. This demands that we understand Maths and its applications and also realize that many problems and challenges of the day can be solved through this. Through this challenge, we nurtured curiosity and engaged the students with content that demands critical and logical thinking.

# COMING UP NEXT

Date	Event	Classes
10th December	3W conference	VI to XI
18th December	Annual Day	All Classes
30th Nov-13th Dec	Pre-Boards	X & XII
23rd Dec - 3rd Jan	Winter Vacation	All Classes
