# Message from HOD Foreign Languages

## Greetings of the day!

It is that time of the year again when the students eagerly await the fun and frolic and the teachers too are full of enthusiasm. Yes, it is the Annual Day preparations that have engulfed the school in a vibrant mode. The cold mornings suddenly get charged up with the little kids lining up for their respective rehearsals. It is so festive and you can sense the zeal and zest with the music, songs and the buzz of the students. The Middle and high school students ensure that they practice *post lunch* with the same fervour. (They have to make sure that academics are given their due importance.) The buzz is palpable in the discussions among not just the teachers and students but the onlookers too.

At Gaudium we never let any moment skip without celebrating it. We have had the pleasure of celebrating our students' success on various occasions recently. We have had

accolades gathered by our students in Taekwondo at Kairos International School on 18th November. They won 1st, 2nd and 3rd prizes in the different levels of the event. More recently on 24th November we had Aditi Paniker securing the first prize in the Elocution competition held at HPS, Begumpet. All the students proudly represented The Gaudium and did us all proud. Kudos to their coaches, mentors and teachers.

## वाचन कौशल गतिविधि

वाचन कौशल गतिविधि कक्षा-7 में करवाई गई जिसके अंतर्गत छात्रों ने नाटक के छोटे- छोटे दृश्य प्रस्तुत किए। वाचन कौशल गतिविधि के माध्यम से छात्रों में वाचन कौशल का विकास तथा छात्रों में आत्मविश्वास स्तर में विकास हुआ। छात्रों ने बड़े ही उत्साह के साथ गतिविधि में अपनी भागीदारी दिखाई।

## वाचन कौशल का उद्देश्य :

बालकों के अक्षरोच्चारण, शब्दोच्चारण शुद्ध होने चाहिए, ताकि वे वाचन सामग्री को उचित निर्गम, बल सुस्वरता के साथ पढ़ सकें। प्रत्येक शब्द पर उचित बल देकर पठनशक्ति का विकास करना। उनके स्वरों में ऐसा आरोह-अवरोह हो कि भावों के अनुकूल उसमें लोच हो। वाचन इतना प्रभावोत्पादक हो कि श्रोता का मन मुग्ध हो जाय।

## Growing Together: Gardening in the Life Skills in Grade 7

Children get great enjoyment from being outdoors. They're curious, taking enjoyment from learning when it's practical and creative. That's why school gardening, we believe, could be the start of a lifelong passion for children. The students, during their gardening stints at school, are experiencing the fulfillment of watching something evolve from a tiny seed into a beautiful plant.

## Pre-board Examinations for Grade 10

With the Pre-board examinations underway for Grade 10, the classroom came alive with preparatory rigour. The students strictly followed an examination and revision schedule to enable recapitulation and fine tuning of their learnings. Like always our faculty members went beyond their call of duty and conducted study lounges on the gap days and also during the weekend. The students were encouraged to treat this assessment as an opportunity to showcase their superior learning skills and keep anxiety at bay. After all, at the Gaudium we believe in creating happy minds by nurturing the joys of learning in every sphere of the students' development and assessments are only one part of the multitudinous process. Yet, its importance cannot be undermined and we always want our students to approach it as a challenge that they have been relentlessly training for.

## Art and Design Examinations in Progress

We at Gaudium believe in empowering our students with the competencies to understand, analyse, evaluate, interpret and innovate various real-life situations. The students are now empowered to integrate art forms in their regular classroom transactions and the results are quite evident. Classrooms have transformed to a creative space, where imagination reigns supreme. Students have the freedom to explore, experience and express their points of view from manifold angles. Consequently, diverse learning needs are effortlessly addressed. It has indeed set the stage to perceive the joys of learning.

**Unravelling the Joys of Childhood-Children's Day 2022**  
 Childhood is a blessing and the day that celebrates the ecstasy of this phase needs to be a befitting one. On the 14th of November the sprawling lush green lawn of The Gaudium turned into an euphoric performance ground. The teachers put their creative energies to the forefront and made the occasion memorable with their soulful melodies, dance moves and theatrical pursuits. Amidst loud cheers of the exuberant students, the celebrations unfolded a tale of love, care and compassion.

## Class Assemblies based on the Core Value of 'Perseverance'

Perseverance is about doing the best we possibly can, by continuing to try even when we feel like giving up. We must face our difficulties with determination. Our class assemblies this month enumerated the ideals of exhibiting perseverance in walks of life.

## Parent Orientation for Grade 9 subject choices

The Cambridge Assessment International Education is based on the British curriculum, but adapted for a more internationally-focused student-body with a wide range of available subject choices and a specific assessment pattern. A clear understanding of the curriculum accounts for students' success in the board examination and beyond. With these objectives in mind, we invited the parents of Grade 8 to attend an orientation session on the subject choices available in Grades 9 and 10. The session will surely enable them to take informed decisions. During the session we also discussed the upcoming Checkpoint examinations; expectations from the students and parents.

## Cambridge Community Meet at DPS Nacharam

Cambridge Community hosted its first physical Community Meet after the pandemic on November 19, 2022 at DPS Nacharam. The Principal Ms. Shalini Singh Hamilton attended the meet along with the Subject Mentors Ms. Ramadevi Tamanna (Mathematics), Ms Manjushri Bagade (Global Perspectives), Ms. Surya Kumari K (Science) and Ms. Ratna Das (English). It was an excellent platform for schools to collaborate on a large scale. It also facilitated the exchange of ideas, best practices in the areas of school leadership, curriculum planning, professional development and teaching. It was also an opportunity for schools to engage and network with other like-minded schools to discuss common issues and solutions. It was also replete with informative and insightful sessions conducted by the Cambridge representatives.

# Stakeholder Engagement

Career awareness and exploration helps students build an understanding of the full landscape of careers by providing experiences that allow them to interact with industry professionals. This is a time for students to define their interests, determine their skills, and decide on a career. To bring awareness in the specific career field, our school career counselor Ms. Mahitha Sammeta organized a session for grades 6 -8 on the topic “**Careers in Hospitality and Tourism Management**” with the help of International Institute of Hospitality Management (IIHM), where they gave detailed information about the careers in this specific field that are available.
