

P R I S M

IB MYP

Good morning my dear students, teachers, and parents.

Today, we gather here for the investiture ceremony, a momentous occasion that marks the appointment of our student council. Firstly, I would like to appreciate each and every student who has been nominated and has gone through this rigorous election process. I take this privilege to congratulate every elected member of the Gaudium Student Council.

As you embark on this journey of leadership, let us remember the timeless wisdom that says, “what goes around comes around ". This phrase reminds us to be mindful of our actions and the impact it has on others. Being elected as a leader is a great responsibility and also an opportunity to demonstrate your commitment to Gaudium’s vision, mission, Core values and especially your commitment towards ensuring that all students adhere to the school policies and Code of Conduct.

As leaders, you must lead by example, setting a high standard of behavior for others to follow. Let us be conscious of our actions both inside and outside the school premises. When you come across any violation of School Policies or code of conduct, it is crucial that you address them with fairness, stand up for what is right and bring it to the notice of your mentors or teachers to find the right solution. You should be the one to educate and help your peers understand the need for such policies or procedures and that every violating action of theirs will attract consequences. By doing so, you promote a culture of learning from mistakes and growing together.

At the Gaudium we want every student, teacher, staff and parent to imbibe the 5 core values so as to create a safe, healthy and a positive atmosphere for each one of you.

As an empathetic leaders, you must listen actively and wholeheartedly, to the concerns of your fellow students and understand their needs and find solutions along with your mentors to create an environment where everyone feels heard and supported.

A respectable leader acknowledges the opinions and perspectives of others, even when they differ from their own. They treat everyone with dignity and kindness, fostering an atmosphere of trust and cooperation.

Perseverance is another virtue that we must uphold as leaders. Challenges and obstacles may come your way while performing your role, but you must consider these as opportunities for growth and learning.

Gratitude is a quality that we should cultivate and express openly. As leaders, you should appreciate the efforts of our teachers, staff, and fellow students. Let us acknowledge the contributions of others and be thankful for the support and guidance we receive along our journey.

Integrity is the foundation of trust and credibility in leadership. It is essential to be honest, ethical, and true to our values in all our actions. Let us lead with integrity, making decisions that are fair and just and inspire others to follow the path of honesty and righteousness.

Tolerance is another essential aspect of leadership. As leaders, you should embrace diversity and appreciate the uniqueness of each individual. It is through tolerance that we cultivate an environment of acceptance and understanding, where everyone feels valued for who they are.

In conclusion, dear students, please embrace the honor of being a leader with humility and determination. Strive to be responsible, empathetic, respectable, and a tolerant leader embodying the core values of our school. Together, you all can make a positive impact not only within our school community but also in the world beyond. I wish that you embark on your leadership journey with unity and purpose and wish you all the very best!

Thank you!

Highlights from the IB MYP PAN India Meet

The role and the purpose of education in the age of generative AI has changed exponentially. To prepare our children for a future we need to:

- Enhance the creative thinking skills.
- Develop Media literacy and prompt learning skills while teaching.
- Focus on Collaboration of Human intelligence and AI to build a collective intelligence to solve the complex problems of the world.
- Student agency and accountability for learning.

Diplomathon World Symposium was conducted on 12th and 13th August 2023 at the Glendale Academy- Suncity. This platform offered a great learning opportunity for students to develop communication, critical thinking and social skills. We had 24 participants as student representatives. Diplomathon team conducted three offline and one In-school training sessions. Overall, a great learning experience for the students to showcase their talent.

Global Leadership

The Thursday assembly led by our DP CAS students held a collaborative platform with MYP. The focus was on integrating service outcomes to foster essential collaborative skills.

During this engaging session, students were enlightened about the significance of impeccable dining hall etiquette. Understanding the importance of respectful behaviour in communal spaces like the dining hall not only reflects their individual growth but also contributes to creating a harmonious environment for everyone.

These Thursday assemblies continue to be a powerful platform for moulding well-rounded individuals who not only excel academically but also understand the value of character development and social skills.

In the IB Middle Years Programme (MYP), visual arts students employ process journals as invaluable companions. These journals chronicle their artistic journey, showcasing brainstorming, experimentation, and reflections. They unveil the evolution of ideas and techniques, offering insights into the student's creative process and fostering holistic artistic development.

Model United Nations is a great platform in finding solutions for real-world problems, done through an academic simulation of the United Nations procedure. Before TGSMUN we had 4 days training conducted by Mr. Jacob Keeley who is an Access MCA Model UN instructor and auditor. This year 146 delegates attended training certificate program aim to simulate consists of negotiation, discussion, and lively debates. It also focused on to educate students about current events, international relations, diplomacy, and the United Nations agenda. The training program was well aligned with schools core values of Respect, Empathy, Integrity, Perseverance and Gratitude. Delegates were able to gain knowledge of the world we live in and participants were able to develop skills including public speaking, presentation, persuasion, situation analysis, research, and critical thinking.
