Message from Head of School

Dear Parents,

In the month of February we celebrated a number of UN Observances, including International Mother Language Day.

Along with our students and colleagues, we brought out the rich diversity of the culture of our country (and some foreign countries as well) with wonderful renditions from them in Hindi, Urdu, Telugu, Tamil, Oriya, Gujarati, Marathi, Malayalam and Bengali to name a few. I am delighted to share a song of our national movement, immortalised in the words of Rabindranath Thakur-

সার্থক জনম আমার
সার্থক জনম আমার জন্মেছি এই দেশে।
সার্থক জনম, মা গো, তোমায় ভালোবেসে ॥
জানি নে তোর ধনরতন আছে কি না রানীর
মতন,
শুধু জানি আমার অঙ্গ জুড়ায় তোমার ছায়ায়
এসে ॥
কোন বনেতে জানি নে ফুল গন্ধে এমন করে
আকুল,
কোন গগনে ওঠে রে চাঁদ এমন হাসি হেসে।
আখি মেলে তোমার আলো প্রথম আমার
চোখ জুড়ালো,
ওই আলোতেই নয়ন রেখে মুদব নয়ন শেষে
॥

My humble translation goes thus----

I am blessed to have been born here

I am blessed Mother that I loved you

I don't know if you have the riches of a queen

I only know, that I feel so cool in the shade of your protection.

Is there ever a forest where flowers bloom so fragrantly...

Is there ever a sky where the moon rises with a smile....

From the first gaze, it was your light that soothed me

May I breathe my last, in that very light of yours.

Kahlil Gibran says the following about Mother-

'The mother is everything - she is our consolation in sorrow, our hope in misery, and our strength in weakness. She is the source of love, mercy, sympathy, and forgiveness.'

Here at school, we are the surrogate mothers of your children, our students.

We deeply cherish the diversity of our country, its languages, literature, music and dance and are so appreciative that the regional and national traditions are being passed on as a rich legacy by you, their families, and by us at school, to become foundational to their self- identity and cultural quintessence.

Let our mother languages be the fountainhead of our cultural and spiritual wisdom, so that we respect diversity here at home, and the world over.

Sudeshna Chatterjee

Head- MS/HS

Dear Students,

As we find ourselves deep into the academic year, it's been a period of growth, resilience, and accomplishments, and I'm proud to see the incredible work that each of you has contributed.

As we move forward, I encourage each of you to continue embracing the IB learner profile attributes—be inquirers, thinkers, communicators, and risk-takers. Your unique perspectives and contributions enrich our learning community.

The MYP places a strong emphasis on collaboration and communication. Take advantage of opportunities to work with your peers, share ideas, and engage in meaningful discussions. The diversity of thought within our school community is a valuable resource for your intellectual and personal development.

I want to express my gratitude to our dedicated teachers, parents, and the entire school community. Your support is invaluable, and together, we are creating an environment where students thrive academically, socially, and personally.

Wishing you a successful and fulfilling academic year ahead!

Sunitha V
MYP Associate Coordinator

Core Values- Drop Everything And Read!

There is no pleasure greater than reading, since a reader lives a thousand lives through the books he reads. On the 1st of February, the IB students swam through whirlpools, braved He-Who-Must-Not-Be-Named, and solved mysteries in 40 minutes; an experience that will encourage the learners to keep on with this indispensable habit.

PYP Parent Orientation- Stakeholder Engagement

In the novel 'Wonder', the much loved Middle School Director says to a hall full of graduating grades 5 and 6, "You're at the cusp, kids. You're at the edge between childhood and everything that comes after. You're in transition." This message rings very true! And to allow these young minds to explore their prospects, The Gaudium organised an orientation which attempted to familiarise the students and parents with the MYP curriculum.

Transition made easy!- Stakeholder Engagement

The Orientation also gave the parents a scope to explore reference books and get their queries answered from MYP facilitators.

Women in Science – Core Values

On the 8th of February, The Gaudium School remembered the many women and girls who have made their place in the world of Science. Learners conducted class assemblies, and the teaching faculty paid homage to scientists old and new along with our very own faculty members.

Basketball matches – Holistic Excellence

Students of The Gaudium, strive for a holistic growth and sports matches inculcate a healthy competitive spirit and foster collaboration. Basketball matches held in the Indoor Basketball court saw head on competition between teams, and a good show of team work.

Felicitating students with Olympiad medals

On the 14th of February, students who have been awarded medals in the SOF-IEO, were felicitated by our Principal. Congratulations to all the winners on their well-deserved honour!

International Mother Language Day- Core Values

On 21st February, 1952 the Bengalis of East Bengal fought for the recognition of Bengali language. In 2002, UNESCO formally recognised 21st February as the day to promote, preserve and protect all languages. This year, The Gaudium made a small attempt to unite students in celebrating their pride and identity, remembering the history and beauty of our heritage.

"Language is the blood of the soul..."- Core Values

Oliver Wendell Holmes beautifully puts in words what many of us feel. Diverse languages brings to us diverse visions of life. To celebrate this unity in diversity, the faculty commemorated this day with a cultural programme filled with eloquent words, melodious tunes and graceful steps.

The pages of process- Stakeholder Engagement

As MYP Visual Arts students embark on the enlightening path of self-discovery, they take immense pride in presenting their meticulously crafted process journals during the student-led conferences. This showcase not only unveils their artistic growth but also underscores the profound significance of the process in the art-making journey.

National Science Day (Talking Titans) – Core Values

"Indigenous Technologies for Viksit Bharat," emphasizing the importance of homegrown innovations in India's scientific progress.

MYP STUDENT LED CONFERENCE – Global Leadership

At The Gaudium, learning is bestowed upon students as an autonomous agency. Teachers act as facilitators, guiding them through various inquiries, fostering a strong bond with learning.

STUDENT AGENCY – Global Leadership

In the Student-Led Conference, students take ownership of their learning journey, presenting it confidently to their parents.

Poster Making Competition- Core Values

Students display their creativity amalgamated with their scientific knowledge illustrated in the posters. Through these posters, learning became tangible, and the walls resonated the vibrant colors of knowledge and creativity displayed by the MYP students.

Students Achievements @ Sports- Holistic Excellence

The students represented SGFI-School Games Federation of India In Chess and Badminton

Students Participated in the Varsity Basketball League and reaching the Quarter Finals -2023

Investigations and Inquiries – Holistic Excellence

As part of class activity , students did investigation on magnification of image formed by convex lens and they even determined how nature of image changed with position of the object .Flip teaching was demonstrated on Electromagnetic waves, its types and application. They have designed an experiment on rate of heating and cooling as per criteria B and C.
