Message from Head of School

Dear Parents,

Over the past few weeks, our school held a series of assemblies exploring an important theme: how love for one's own country can coexist with a genuine, open-minded outlook toward the wider world.

Students took part in structured debates, presenting reasoned arguments on both sides of questions like "Can national pride and global cooperation go hand in hand?" The discussions were moderated to keep them respectful and balanced, ensuring students learned to think critically rather than simply take sides.

Our aim wasn't to tell students what to believe, but to help them listen well, argue fairly, and hold complex ideas with maturity – skills that will serve them well beyond the classroom.

In the month of August, as we celebrated our 80th Independence Day with national pride and patriotic fervour, we deliberated that core values such as gratitude, respect, integrity, perseverance and empathy do not stop at political borders between nations.

Students very cogently argued that the problems of Climate change, worldwide pandemics, pollution and other global issues had to be resolved with a global mindset.

However, they weighed the importance of national identity and cultural dignity as the first step towards 'Vasudhaiva Kutumbakam'.

The two day TGSMUN further added to sustained deliberations on negotiated peace as a critical need for the present and the future.

We encourage you to keep the conversations going at home. Let us together nurture open-minded, caring and balanced citizens.

Thank you

Message From Coordinator

Dear Students and Parents,

The word 'AUGUST' aligns with Dignity and pride. The diverse events celebrated in the month of August at THE Gaudium, resonates the same. Be it academic assessments, the Investiture ceremony, the 5th edition of TGSMUN, the 80th Independence Day celebrations or the National sports Day.

Some people believe that talent and a winning attitude are all you need to succeed in your endeavors. But a winning attitude means having determination, being perseverant and never give up. "Real leaders are ordinary people with extraordinary determination." The zest shown by the students in conducting the fourth TGSMUN is commendable.

Felicitation of the AS levels, Checkpoint and IGCSE Board toppers has set a benchmark for the existing students; the exhaustive career fairs and various sports competitions have channelized in routing the future career aspects of our learners. Independence day celebrations, Class Assemblies in the form of Debate; fieldtrips, Orientations and TWCs -have made the month bustling with zest and fervor. Hands on learning through STEM kits; Lab classes in Physics, Chemistry, Biology; Design challenge in Computing all exemplify the learning strategies at Gaudium, making the learning more meaningful.

Holistic Excellence

Collaborative Learning activity '**Mi colegio**': Grade 7 students collaborated effectively in groups to create a visual representation of their school and wrote simple sentences in Spanish describing its facilities, characteristics, and environment using relevant vocabulary and basic grammatical structure

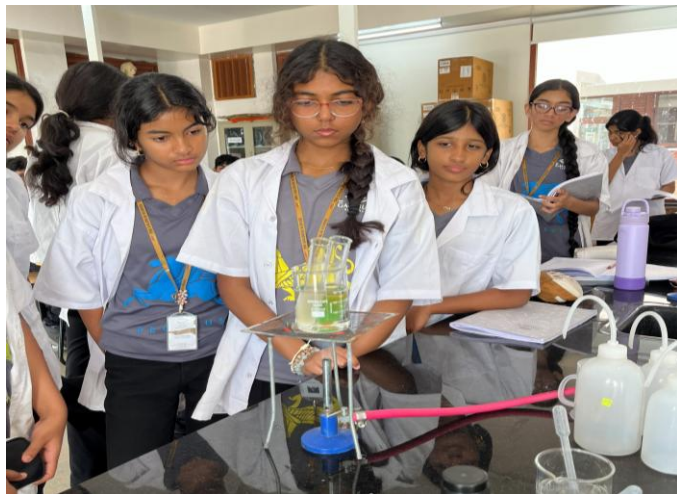

"Día de la Amistad – Friendship Card Making"

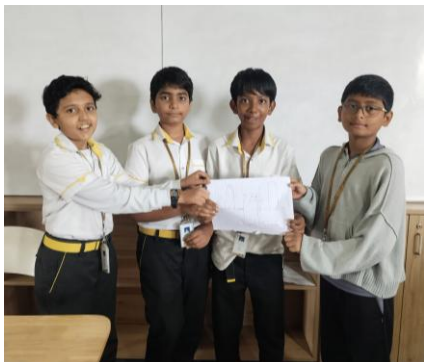

Students celebrated the spirit of friendship by creating colorful Friendship Day cards. They designed their own cards and wrote meaningful quotes and messages about friendship. The activity encouraged students to express their creativity, appreciation, and positive feelings towards their friends while promoting the values of kindness, friendship, and collaboration.

Holistic Excellence

Students of Grade 9A investigated various food samples to test for the **presence of biological molecules**, including starch, vitamin C, protein, fat, and reducing sugars, through hands-on scientific experimentation.

Grade 7 students explored extreme weather through **"Weather Alert Live,"** researching cyclones, floods, droughts, and heat waves while presenting safety measures and analyzing weather data through collaborative, engaging news reports.

Mindfulness and Wellbeing

Students are involved in Mastering the art of Ethical decision Making Disability awareness & LGBTQ Allyship activities.

Mindfulness and Wellbeing

For the month of August, the ILD sessions **titled Mastering the art of Ethical decision Making Disability awareness & LGBTQ Allyship** were conducted across the CI curriculum. The aim of these sessions was to equip students on making ethical decisions independently and they were introduced to the concept of LGBTQ, enabling them to create a conducive inclusive environment.

On the occasion of National Friendship day, learners were encouraged to make creative friendship cards. Be Proactive was the first group micro session conducted as habit 1 from the book titled as "Seven Habits by Stephen Covey". The objective of this session was to encourage students to take responsibility for their educational journey rather than waiting for instructions.

Psychology high-school student was taken to NIEPID for an educational field trip. Experiential learning included assessments, counseling, and rehabilitation of individuals with learning & intellectual disabilities.

Apart from these group sessions, counselors of CI segment have conducted multiple personalized confidential sessions helping students to accelerate their emotional exploration, help to identify negative thought patterns, and build tailored coping strategies to improve their daily well-being and academic life.
